

Built on service. Driven by accountability.

COMPANY OVERVIEW

Incorporated in 2019, NVT Industries Inc. is a New York State certified Service-Disabled Veteran-Owned Business based on Long Island. Our Food Services Division brings institutional ingredients and commercial pack options together for government, institutional and commercial buyers. Our supply model is straightforward: source products from suppliers, purchase and resell them to customers, and coordinate fulfillment against the requirements agreed in each quotation.

OUR MISSION

To help foodservice buyers purchase with confidence through practical product choices, clear commercial terms and accountable coordination. We aim to combine veteran-led service with the financial discipline of CPA-guided management, keeping requirements, commitments and communication clear from quotation through delivery.

LEADERSHIP

Nick Tsismenakis, CPA, brings U.S. Navy service and more than 20 years of financial and business management experience to NVT.

PRODUCT CAPABILITIES

Seasonings and kitchen foundations

Ground and whole spices, herbs, blends, soup bases and gravy mixes.

Olives and Mediterranean pantry

Whole, pitted and stuffed olives; pickled vegetables, legumes, dolmades and pita.

Oils, vinegars and cooking ingredients

Cooking and olive oils, vinegars, sauces, citrus juices and tahini.

Grains, pasta, baking and beverages

Breakfast grains, pasta, bread crumbs, nuts, extracts, sweeteners and bottled water.

HOW WE SOURCE AND FULFILL

01 Define the requirement

Review selected items, exact pack options, quantities, delivery location and timing, plus any buyer specifications or documentation requirements.

03 Purchase and coordinate

After customer acceptance, purchase the agreed products for resale and coordinate supplier fulfillment and shipment arrangements against the confirmed order.

02 Source and quote

Check supplier availability and prepare a customer quotation covering product, price, freight, lead time and agreed terms. Availability is confirmed per request.

04 Communicate through delivery

Maintain a direct owner contact for order updates, supporting records and delivery coordination. Address exceptions against agreed requirements and available supplier information.
